As a Staffing Agency

- I want users to see the Talant app as an essential resource to finding work, engaging, and staying with our business.
- I want a growing stream of Job seekers and Referrals driving my opportunity to perform as best I can.
- I want the ability for the user to easily maintain, verify and add details and documents, keeping the information I need current, well vetted, and ready to go .
- I want my talent to find it easy to do business with me, one app vs the many, a consumer grade experience.
- I want my recruiters to focus on high value activities, providing the Talent app takes away latency, manual drudge updating details and communications between workforce and the business but also allows them to act quickly and directly.
- 1Staff Talent is just one way 1Staff delivers a scalable, high productivity solution for my business.
