# 1Staff for Healthcare

The medical field is continuing to experience rapid growth. Healthcare and locum tenens staffing firms are busier than ever, making this an exciting and challenging time for the staffing industry.

**Unparalleled Compliance**

1Staff is an industry leader in compliance. It guides you through the onboarding process and can automatically triggers steps required by specific staffing agencies and/or customers. The 1Staff employee portal not only makes it easy to search for jobs, but also securely manages and processes your compliance items, W4, and personal information (including contact details).

**Advanced CRM Functionality**

1Staff enables you to build strong relationship with your customers, take actions based on insights, and close job orders faster. This ATS is built on a true CRM platform giving your business developers the tools to nurture their sales from a lead to a job order. To top it off you can also easily create marketing lists and campaigns based on your everchanging market.

**1Staff's got you Covered**

We want to help you reduce the manual handling of timesheets, so 1Staff makes it quick and easy to enter time with flexible imports from time clocks, VMS, and other systems. Web and mobile time entry and approval, with email approval with multiple formats. You can even set different timesheet periods and you configurable OT rules calculations.

**Scale to High Volumes**

With 1Staff you get unlimited invoice frequencies and formats, and can automatically attach timesheet and receipt images. Do you have multiple brands? No problem, multiple logos/layouts can be used in the same 1Staff company.

## The Recruitment Process

As candidates move through the selection process it is critical that every "i" is dotted and every "t" is crossed. Compliance failure can result in steep penalties, the possibility of inappropriate matching of healthcare providers with patients and poor outcomes from delays in placing the best candidate on site.

1Staff excels in storing **drug screens, background checks, immunization records, certifications, eSign agreements,** and many more onboarding requirements. All are filed away for easy access with automated renewal tracking processes and the ability to set strict security permissions.
